LANGUAGE

English

ABOUT ME

Programming Enthusiast
Love creating projects that I can personally use in my day to day life.
Love the aspect of customizing so much so, it has become a primary factor of my projects.

PROGRAMMING EXPERIENCE

Tech Stacks:

- Python
- C
- Arm 64
- DSA
- File Handling with CSV and json

Projects Worked on:

- Combat System Simulation of Genshin Impact
- Artifact Optimization Engine
- EXEL based CGPA calculator

Certifications:

- Harwards Python Course: CS50P, CS50x
- NPTEL: Problem Solving through C
